Administration Building (LEC)
2210 Greene Way, Suite 109
Louisville, Kentucky 40220

According to the **Code of Federal Regulations** at **8CFR 214.2(f)(10)(i)**, Curricular Practical Training (CPT) is defined as alternative work/study, internship, cooperative education, or any other type of required internship or practicum that is offered by sponsoring employers through cooperative agreements with the school. The CPT must be for training that is an integral part of an established curriculum in a position that is directly related to his or her major area of study.

This agreement must be carefully and accurately completed and signed by the employer and the student. Inaccurate and incomplete agreements will be rejected. This agreement must be submitted with CU's CPT Application and must be backed by an offer letter on company letterhead. Attestation of this agreement by an Academic Advisor **does not** constitute authorization to work. This agreement and the CPT Application must still be approved by a DSO and authorized in SEVIS. **Students must not begin training until they have received a Form I-20 with a DSO endorsement on p.1 and CPT authorization on p.2.**

STUDENT RESPONSIBILITIES, COMMITMENTS, AND ATTESTATION

I declare and affirm **under penalty of perjury** that the statements made and information provided herein are true and correct to the best of my knowledge, information, and belief. I confirm the following are true:

1. I have been legally present in the US and enrolled full-time for at least one full academic year (two consecutive semesters) in my Program of Study or my Program of Study requires immediate participation in the proposed CPT as documented in the University's Course Catalog (e.g. the Professional Masters in Business Administration, PMBA).
2. The proposed CPT is directly related to my major area of study and is integral to my degree program.
3. My primary objective is my studies, which is a requirement for my F-1 status.
4. CPT is part of my education and provides an opportunity to acquire additional skills related to my degree program; it is not an employment authorization simply for the sake of working in the US and should not delay completion of my program.
5. I understand that it is my responsibility to become familiar with the general requirements for study at CU and the academic requirements for my specific program of study as stated in the University's Course Catalog. If I am unsure about the academic requirements, I must consult my Academic Advisor.
6. In order to retain my CPT authorization, I must:
 - maintain full-time enrollment
 - maintain at least the minimum GPA required for my education level:
 - Undergraduate Student: 2.0 GPA
 - Graduate Student: 3.0 GPA
 - pass the related Experiential Learning Seminar, Internship Course, or Practicum Course **every** semester
7. I cannot work on CPT until I have a new I-20 from the Office of International Student Services (OISS) in-hand with a DSO signature on p.1 and the CPT employment authorization listed on p.2.
8. I will be eligible to work:
 - **only** in the position/job specified on this agreement
 - **only** for the employer specified on my I-20

 - **only** for the dates specified on my I-20
6. Working without employment authorization will result in the loss of my F-1 status.
7. I understand that it is my responsibility to become familiar with my federal, state, and local tax liability as a worker in the US and that it is my responsibility to obtain tax advice if necessary. I understand that I must file the appropriate tax forms every year. Tax returns for the previous year are always due by April 15th.
8. I am not eligible for Form 1099 contract employment (or to be self-employed) because there must be a defined employee-employer relationship for a CPT authorization.

I agree to:

- A. Perform to the best of my ability the tasks related to my learning objectives and the responsibilities of this position as assigned by my supervisor.
- B. Follow all of the rules, regulations, and normal requirements of the employer's organization.
